TED Conference, is world over, the most revered platform for 'ideas worth spreading' - one that brings talented people on the world stage.

'TED is a nonprofit devoted to spreading ideas, usually in the form of short, powerful talks (18 minutes or less). TED began in 1984 as a conference where Technology, Entertainment and Design converged, and today covers almost all topics — from science to business to global issues — in more than 100 languages. Meanwhile, independently run TEDx events help share ideas in communities around the world'. (www.ted.com).

This event will bring the most creative minds together to inspire our children. We have the opportunity of hosting a conference of international repute that will provide occasion to our students to interact with achievers and also get the right role models to follow.

For all the information on speakers and highlights, kindly visit the TEDxEicherSchool Facebook page.

With best wishes,

Principal
