OUR DYNAMIC LEADER

We are proud to share that our Principal, Ms. Arpita Chakraborty, has been conferred the title of 'The Most Dynamic Principal' for excellence and leadership in education on September 11, 2020 at Golden Aim Awards by Dynergic Business Solutions.

Heartiest congratulations to her on this glorious achievement!

The award certificate is framed with a decorative black border. At the top, the Dynergic Business Solution logo is displayed in a blue and yellow banner. Below this, the Golden Aim Awards logo features a silhouette of a person in a dynamic pose, surrounded by laurel wreaths. The text 'Presents' is positioned above the Golden Aim Awards logo. The award is for 'FOR EXCELLENCE & LEADERSHIP IN EDUCATION' on '11th SEPTEMBER 2020' for the 'MOST DYNAMIC PRINCIPAL AWARD'. A photograph of Ms. Arpita Chakraborty is shown on the left. To the right of the photo, her name and title are listed: 'Presented to Ms. Arpita Chakraborty, Principal, Eicher School Faridabad (A Goodearth Foundation School)'. Below the photo and text, there is a red wax seal. At the bottom, logos for the awarding organization and its partners are shown: Mohd. Azharuddin Farooqui (Co-Founder & CEO of Dynergic Business Solutions), Federation of Quality Education Councils (Support Partner), All India Educational Consultants & Counsellors Association (Special Invitee), AIECCA (Special Invitee), and Ideal Educational Movement (Associate Partner).

Our star performers

The Management, Principal and teachers congratulated not only our toppers but also all our learners who exceeded all expectations and made this institution proud.

Winners are born, champions are made.

VIRTUAL MOMENTOUS OCCASIONS

'Distance teaches us to appreciate the days that we are able to spend together and distance teaches us the definition of patience. It is a reminder that every moment together is special and every second together should be cherished.'

We at Eicher School were looking forward to an exciting new session and were gearing up for the same when the news of the pandemic broke out and we were all forced to remain indoors, giving a miss to the school. But the lockdown did not dampen our spirits. Eicherites celebrated all important days and festivals with great fervour and zeal to promote respect for all religions, harmony and brotherhood among everyone. This time though the celebrations happened virtually, the happiness that the day brings was not compromised.

SPECIAL DAYS CELEBRATED FROM APRIL 2020 - JUNE 2020

Earth Day- April 29 –To commemorate Earth Day, a video compiling the artwork and performances of the students from all wings was made and everyone pledged to make a difference, however small, in order to save our planet.

Mother's Day- May 10- To show their love and respect for the mothers, the young and charming Eicherites designed beautiful cards and posters. Their self-composed poems touched many hearts.

Eid al-Fitr – May 23- This occasion of peace, joy and festivity was observed with great enthusiasm to imbibe the essence of the festival.

Father's Day – June 27- The students spent Father's Day expressing gratitude and engaging themselves in various activities at home with their dads.

Being thankful

CHERISHABLE DAYS CELEBRATED FROM JULY 2020 – SEPTEMBER 2020

Online learning has been a fun and exciting journey for Eicherites so far as our learners have been enthusiastic participants and have demonstrated excellent self-management skills throughout this journey during the COVID-19 lockdown. Let's glance at the special occasions celebrated after the summer break.

Doctor's Day- July 1 -Special assemblies encompassing role plays, videos and talks were conducted to acknowledge and honour the relentless service given by the doctors.

Nelson Mandela Day – July 18 - Nelson Mandela Day was celebrated to express the idea that each individual has the power to transform the world and has the ability to make a significant impact.

World Population Day – July 20 – The senior students observed this day to build awareness on global population issues. A poster making competition on the theme 'Save The Girl Child / Beti Padhao Beti Bachao was held to draw attention towards the importance of a girl child.

Raksha Bandhan – August 3 – A vibrant special assembly was conducted to understand the relevance of this festival. The young Eicherites learnt to make handcrafted rakhis in their activity periods.

Krishna Janmashtami - August 11 - On this occasion the children brought devotion, creativity and fun together. The tempo was set by a melodious bhajan. The life of Lord Krishna, applicability of his teachings and the health benefits of a shankh were the main attractions. Children dressed up as Radha and Krishna lit the festive aura.

Blended learning

Festivities

INTERNATIONAL YOGA DAY

Yoga is an invaluable gift of India's ancient tradition. 'The International Day of Yoga' on June 21 has been celebrated by Eicherites with great enthusiasm and zeal ever since its inception in the year 2015. Due to the lockdown, going by the theme this year, "Yoga at Home and Yoga with Family", the students along with their family members and the staff observed the day at home. They shared their videos and photographs while performing yoga asanas. This motivated everyone to follow a healthy regime at home.

PARENT ORIENTATION PROGRAMME

Going digital is the new norm these days. Keeping up with this trend, the Pre-Primary segment organised their Parent Orientation Programme for classes Pre-Nursery - II in the month of July. The theme of the programme was Home-School Partnership. An amazing amalgamation of presentations aimed towards the enhancement of holistic development of the child.

The teachers discussed common concerns related to reading and writing. Various ways and means to improvise essential skills for handwriting were discussed at length. The parents were involved in knowing how to initiate the love for reading in their child. The usage of sight words to inculcate good reading habits was also stressed upon.

Various suggestions were given to keep the children engaged in meaningful ways and to develop their gross and fine motor skills. Parents and children thoroughly enjoyed doing the hands-on activities with their teachers.

The school counsellor spoke about important and imperative ways to manage the emotional side of the children. She shared many insights with the parents to raise a 'Happy Child'. Spending quality time with children and being a role model for them was emphasized.

The queries from the parents during the open house discussion time were handled efficiently by the teachers and coordinators. The Principal laid stress on effective communication between the teachers and the parents especially during these challenging times. She also sought their support and suggestions so that the children could be provided the best for their overall development. The success of the programme was attributed to the enthusiastic participation of the parents.

KARGIL VIJAY DIWAS

It is the love for the nation and its people that inspires the Indian Armed Forces to be a strong and inspiring force. On the occasion of Kargil Vijay Diwas on July 26, 2020, Eicherites left no stone unturned to commemorate this significant day. A week-long celebration was organised to express heartfelt gratitude to our soldiers and pay reverence to the martyrs of our defence forces.

The myriad activities included making the Indian flag and singing patriotic rhymes and songs, performing patriotic dances, reciting poems and narrating stories about the lives of our brave soldiers. The students also showcased their love for the nation through their art work by exploring various art styles for making posters. The theme of Kargil Vijay Diwas was also integrated with academics through intra-class declamation on the same theme for the senior students. A special assembly was conducted and relevant documentaries were shown to highlight the role of our brave soldiers and their passion for the motherland. Teacher talks were held about the role played by our army men in safeguarding our country. To sum it up, whatever be our age or religion, patriotism runs in our blood and we are all proud of being the citizens of this great nation.

NATIONAL HANDLOOM DAY

Our school has always been an enthusiastic promoter of Indian cultural heritage. Our handlooms are symbols of our nation's identity, culture and inclusive development. To promote and showcase the intricate and exquisite weaves of India, August 7, 2020 was marked as National Handloom Day in our school.

India has over 120 distinct weaves. Each state has a unique flavour. But with the market flooded with international brands selling stylish clothes, the present generation is drifting away from traditional fabrics and clothes. To create awareness amongst students, classroom discussions were initiated on various aspects of Indian handloom in order to acquaint them with the different handloom weaves of India. It was also a way to promote Indian textiles which must be adopted into contemporary wear because of their rich vibrancy and intricate designs. The faculty members were dressed in ethnic handloom attire from different parts of India and it was a great way to showcase how our traditional weaves are no less than any multinational brand.

The celebration of this day was also a step towards supporting the 'Atmanirbhar Bharat' and 'Make in India' ideologies so widely propagated by our honourable Prime Minister Shri Narendra Modi. We are truly proud of our artisans and craftsmen who weave such vibrant drapes for us.

Revering exquisite craftsmanship

Our timeless vibrant weaves

KAHANIKAAR

A scintillating online storytelling session was organised by Pre-Primary teachers on August 16, 2020 for children across the city. It was an endeavour to keep the tradition, values and memories of our rich Indian culture alive through stories. The session was a sincere effort to pave the way for children to fill the blank pages of their own story book. Eicherites and children from various other schools felt elated to be part of an engrossing session. They gained hands-on knowledge on using everyday materials to make puppets and attractive props. The event was appreciated for inspiring the young souls to become expressive storytellers.

Delightful storytellers

INDEPENDENCE DAY

The 74th Independence Day was celebrated with utmost pride and patriotic fervour. The webcast of the flag hoisting in the school campus marked the advent of the grand celebration. Motivational speeches and poetry recitals paying a tribute to the great leaders and soldiers set the tone for the event and encouraged everyone to arise, shine and promote secularism. The participants were apprised with the significance of kite flying on this day and the role of teachers in building a nation. It was an enthralling experience to witness the medley of patriotic songs and dance fusion performed by the talented students and teachers.

Mr. Arjun Joshi, Director, Goodearth Foundation Schools and our Principal appreciated the hard work of the staff and congratulated them for putting up a great show on a digital platform. The event culminated with slogans of Jai Hind and Vande Mataram.

STUDENT ORIENTATION PROGRAMME

When in class X, the common questions that haunt every student's mind are - What next after X? Which stream should I opt for? Should I go for Commerce with Mathematics? Every field has a lot of career opportunities but choosing the right stream according to their interest and aptitude should be the guiding factors. As the new career options emerge, new skills are demanded in the industry and a student needs to be aware of these advancements. Keeping this in mind, the school organised an online orientation programme for the students of class X on August 26, 2020.

During the programme, faculty members from the senior school segment took brief sessions and explained the various aspects related to their subjects through PowerPoint presentations. They talked about the highlights of different subjects and the career possibilities for children opting for different streams and subject combinations. The event was an eye-opener for most students because it clarified misconceptions pertaining to different subjects and streams. The students benefitted greatly as now they have ample knowledge about the options available to them.

The session was appreciated as the online mode proved to be an innovative and effective way of disseminating the necessary information to the students in making the right choices in future.

FIVE BRANCHES – HOME SCIENCE/HEFS

- HUMAN DEVELOPMENT
- FOOD AND NUTRITION
- RESOURCE MANAGEMENT
- FABRIC AND APPAREL
- COMMUNICATION AND EXTENSION EDUCATION

ENGLISH

"Language shapes the way we think and determines what we can think about."

TEACHERS' DAY

Teachers' Day is celebrated annually across the country on September 5. Students express their gratitude and appreciation for their teachers on this day.

This year's celebrations were very special for all of us and the memories would be treasured for a lifetime. It was special for two reasons, firstly we celebrated this occasion through a virtual medium and secondly, all the members of the Goodearth family were together to cherish this experience.

In the morning, students presented various poems, songs, dances and short skits to honour their mentors. Their loving gesture was a great way to know how they connect with their teachers.

The second segment came alive in the esteemed presence of Mr. Arjun Joshi, Director, Goodearth Foundation Schools, Mr. Ivan Thankappan, Advisor, Goodearth Foundation Schools, Ms. Preeta Jain, Principal, Alwar Public School, Mr. Deepak Singhi, Principal Eicher School, Parwanoo, Ms. Preeti Bhatnagar, Principal Kidz Republic, Faridabad and Ms. Arpita Chakraborty, Principal, Eicher School, Faridabad. The atmosphere was quite momentous as everyone was elated and looked forward to the event. The programme included an eclectic mix of splendid performances, songs, dances, acts and games presented by staff members of all the three schools. This was the first day of the event and it turned out to be a complete surprise package filled with fun and frolic.

The celebrations continued with the same zeal and zest for the faculty members of Eicher School, Faridabad on September 7, 2020. The value of a teacher in shaping the young minds was highlighted. Beautiful self-composed poems, melodious songs and entertaining dances kept everyone hooked throughout the show. The alumni expressed their affection and gratitude towards their teachers through a heart touching video. The hidden talent of our teachers was enjoyed and appreciated by everyone present.

Indulging in activities of gratitude and remembrance

Endearing moments

Splendid comradeship

BONDING THE VIRTUAL WAY

PARENT-TEACHER MEETING

'An occasion to cement and strengthen the existing bond.'

Parent-teacher meetings provide a great opportunity to develop a healthy and strong relationship for the academic development of a child. With this intention, a virtual PTM was conducted for classes III - XII. This meeting was a huge success and the parents truly appreciated the school's efforts for this smart and thoughtful initiative during the COVID -19 lockdown times. Individual time slots were given to the parents to share their concerns. The school was delighted to witness the synergy between parents and teachers. The PTM was concluded successfully with a positive feedback from parents on the collaborative efforts made by the school to hone the academic and co-curricular skills of the students.

HOME VISITS

'Coming together is a beginning. Staying together is progress. Working together is success.'

Home visit is an important aspect through which we connect with our parents and the children. The partnership and support of parents is essential to provide a safe, stimulating and nurturing environment for the holistic development of the child. We believe that shared responsibility between parents and school is necessary to foster students' success which can significantly impact their future. An open communication between us will definitely strengthen the learning curve of each child in our care. Owing to the pandemic this year, we all have been working from the relatively safer confines of our homes. Hence the home visits were conducted in the month of July through the virtual platform. The interaction helped the parents to share the issues that their children are facing and how the children are engaging in various activities throughout the day. A mutually constructive feedback and recommendations were given which shall help us in enhancing students' potential.

ACCOLADES GALORE

'We're not born winners. We have to make ourselves into winners by our dedication to the grind.'

The lockdown has opened the floodgates of opportunities for the young minds to tap into their talents and lend a razor edge to their multifarious skill set. Eicherites transcended all barriers to participate in a plethora of competitions at the intra and inter-school level. Over the last six months, the students have brought laurels to the school by achieving exemplary positions in the prestigious competitions conducted online. These achievements speak volumes about the focus, tenacity and versatility of talent at Eicher.
