

MILESTONES

EICHER SCHOOL FARIDABAD

FEBRUARY 2022 - MARCH 2022

A GOODEARTH FOUNDATION SCHOOL

SCHOOL REOPENING

The school campus sprang back to life when physical mode of schooling resumed for classes X to XII from February 1, 2022 and for classes I to IX from February 15, 2022.

The corridors and classrooms were filled with the chatter of students who were thrilled to be back amongst their friends. Teachers looked bright as they reconnected with students after a long gap. With exams around the corner, the offline classes enabled the students to overcome their learning gaps, gain concept clarity and practise well. We hope that the culmination of the session in the physical mode opens the door for normalcy to return.

BASANT PANCHAMI

Spring is in the air, fresh blessings everywhere.

The auspicious day of Basant Panchami was celebrated with zeal on February 4, 2022. Special assemblies were held across all the classes to invoke the blessings of Goddess Saraswati. The significance of this special day was discussed through presentations and stories. Students, blooming in shades of yellow, performed dances and recited poems to welcome the spring season.

SUBJECT ORIENTATION PROGRAMME

As students step into the last leg of their schooling, it becomes imperative to guide them in the right direction. To equip them with information related to various streams, subjects offered and related careers, two virtual orientation sessions were organized for the students of class X (2021-22) on February 5, 2022. Short presentations by the school faculty on the subjects offered by the school at the Senior Secondary level helped students to gain an insight into what their coming two years in school would entail and what careers they could pursue in future. The sessions were attended by Principal Ms Arpita Chakraborty, ESF faculty, parents and students.

Communication is one of the most important skills you require for a successful life. Language is your tool for effective communication. The sharper you chisel it, the better you will communicate.

HAPPY LEARNING!

Why study Economics?

"Money makes the world go round". Understanding how people, companies, and countries control their money is one of the most valuable learning outcome of studying Economics.

Economics is a fascinating study of Money matters, Psychology of why people make the decision they make, and how resources are distributed around the world.

Economics is studied in two main parts as Class XII

Microeconomics is the study of Consumer and Producers behaviour. This branch involves reasoning, analytical skills, to understand and relate different concepts of human behaviour.

INTRODUCTION

Generally, physical education is misunderstood to mean physical activity or merely drill. It is necessary to provide knowledge regarding true meaning and scope of physical education. The aims and objectives of Physical education are also being stated in details.

SHARING BEST PRACTICES SESSION

Sharing of the best practices adopted by all Goodearth Foundation Schools is an integral feature of each academic session. It is a common platform to share the best methods adopted by the teachers in their day-to-day teaching. On February 10, 2022 a virtual session on the topic “Mapping Skills” was held. It was organized by Eicher School Faridabad and attended by the primary wing teachers of our school along with faculty members from Alwar Public School, Eicher School Parwanoo and Kidz Republic. The techniques and strategies used in the classrooms to groom the mapwork skills amongst the students were highlighted. The use of experiential learning method as a tool to strengthen the conceptual grasp of the students was showcased by the participating teachers. This journey of sharing our knowledge has proved to be an excellent learning opportunity for all.

Types of Maps

PHYSICAL MAPS
Physical maps show the natural features of the Earth's surface, such as mountains, rivers, and oceans. They use different colors and shading to represent elevation and terrain.

TOPOICAL MAP
Topical maps focus on a specific theme or subject, such as climate, population, or natural resources. They provide detailed information about that particular aspect of a region.

THEMATIC MAP
Thematic maps are designed to illustrate a specific theme or data set, such as population density, economic activity, or environmental issues. They use symbols and colors to represent different categories of data.

VACCINATION CAMP

As a part of its commitment to prioritize the well-being of its students and holding on to its ethical core by engaging in activities with civic responsibility, Eicher School Faridabad proudly organized the second free vaccination camp for children in the age group of 15 to 18 years in association with the Government of Haryana on February 14, 2022.

The school premises was abuzz with students who adhered to the Covid protocols and queued up in a disciplined manner to take their second jabs. The parents lauded the efforts of the school and the spirited participation of everyone helped in making this drive a success.

'ANVESHAK # THE QUEST BEGINS'

ANNUAL APPRECIATION DAY

The students of Foundation Years showcased their innate qualities with a quest to explore, innovate and create. The Annual Appreciation Day celebrations were held in the form of 'Anveshak # The Quest Begins', a series of shows held from February 18, 2022 to February 22, 2022 on a virtual platform.

The event began with the ribbon-cutting ceremony by the Principal Ms Arpita Chakraborty along with the students dressed up as various characters from their respective shows. This unveiled the exhibition 'Little Hands at Work' showcasing the creative craftwork done by the students during the session.

- ❖ Nursery and LKG presented 'Blissful Harmony' - a story depicting the children's quest to know more about nature.
- ❖ UKG presented 'Dreamers Achievers' - a vibrant tale of best friends in pursuit of their dreams.
- ❖ Class I presented 'Mission Possible' - a story of students in search of their missing teacher.
- ❖ Class II presented 'The Space Odyssey' - a story of the children's quest to satisfy their curiosity about our galaxy.

The show proved to be an astounding visual treat which was evident in the virtual reactions and appreciation which kept flowing in throughout the event. All students from classes Nursery to I were honoured with e-certificates as well as appreciated for their strengths by the class teachers. Parents played a big role in assisting their wards and arranging the required setup at home which made the Annual Day a tremendous success.

PARENTS' SPEAK-

The annual function was amazing. I appreciate the efforts of the teachers to make this event successful. It was an engaging show. As it was my son's first annual function, it made me a little emotional. However, I wish this pandemic ends soon so that these amazing stars can witness the fun of the event for real rather than in reel. I congratulate all the lovely kiddos and their parents for this memorable program.

Shifali Mathur

Annual Appreciation Day was a beautiful experience that was put together by the mentors and the super talented kiddos. With the able guidance and support from teachers, the kids enacted in an engaging play and made us groove to the dances. The note of appreciation for each was a beautiful gesture and will go a long way in encouraging the kids. A special thanks to Balvinder Ma'am for always being there for the kids and encouraging them to excel in the activities. Thank you Team Eicher for the wonderful experience.

Shikha Nair

PARENTS' CONTRIBUTION

Together may we give our children the roots to grow and the wings to fly.

Parents are an integral part of the Eicher family. They have been actively involved in imparting experiential learning to our children. Various informative and interactive virtual workshops were organised for the students of classes III to VI with the help of parents. These sessions saw enthusiastic participation of everyone. Virtual sessions conducted by parents:

S.No	Class	Date	Topic	Resource Person
1.	IV	February 3, 2022	Cyber Security	Mr Sujit Patnaik
2.	III	February 5, 2022	Good Food Good Mood- Oreo Lollipop	Ms Renu Jain
3.	IV	February 9, 2022	Non Verbal Communication	Ms Shiny Joy
4.	VI	February 11, 2022	Dancing Steps	Ms Pooja Gupta
5.	III	February 14, 2022	Craft Activity- Valentine's Day	Ms Mridula Shukla
6.	VI	February 28, 2022	Electricity and Circuits	Mr Gaurav Agarwal

OUR ESTEEMED RESOURCE PERSONS

On the 'Cyber Security Awareness Day', the students and teachers learnt about using the internet responsibly, Safe Click on documents and techniques used in email attacks. The session brought awareness regarding 5 cyber security habits and how to practise them everyday. Methods like phishing, vishing and smishing used by cyber attackers were also discussed. The session concluded by emphasizing on the importance of spending quality time with family and friends.

Sujit Patnaik (Cyber Security Practitioner)
Parent, Purav Patnaik IV-B

I am a homemaker. Cooking is my passion and I love to make different types of dishes. My whole family is a food lover. As we are Jains we prefer homemade food. I learnt chocolate making from one of my friends when I was unmarried. But during lockdown I decided to make chocolates at home as both my sons wished for it. To my surprise it came out very well. Now I have started making personalised chocolates for special occasions.

Renu Jain (Homemaker)
Parent, Tanmay Jain III-D

I am a 'Soft Skills Trainer' by profession and had the opportunity to take an interactive 'Communication Skills' session with the students of class IV. I was enthralled with the overall experience. Kudos to the efforts made by the teachers and the staff.

Shiny Joy (Head Trainer K-mindz Education)
Parent, Serah Pradeesh IV-D

I am a teacher by profession. I have been interested in dance and music since childhood. I didn't do a professional course but learnt dancing from school and through TV. It was because of my practice and my interest that I was selected for the Boogie Woogie show on Sony TV. I have also won many prizes in annual functions and competitions held at school. I believe that through hard work and perseverance one can excel in any area of personal interest. Thank you very much for giving me a chance to conduct the session for the students of Class VI.

Pooja Gupta (Teacher)
Parent, Suhani Gupta VI-B

I am thankful to Eicher School for providing me the opportunity for conducting a crafts session for Class III. It has been a great experience. The craft class included making of Valentine day gift pack / bucket using paper glass and decoratives and was thoroughly enjoyed by all. The initiative of the School regarding the experiential learning and parent-teacher-student collaboration is exclusive and very productive. I wish you success in all the future endeavours.

Mridula Shukla (Homemaker)
Parent, Reyansh Shukla III-C

I am an electronics engineer by qualification and profession. For over 15 years, I have designed electronic circuits for industrial, automotive and medical sectors. Atharv also takes keen interest in these things and gets involved with me when I work at home.

I got a wonderful opportunity to interact with the students of Class VI and demonstrate basic concepts of electricity through simple activities. I was amazed by the curiosity exhibited by the children. The session was a fun learning experience for all.

Gaurav Agarwal (Electronics Engineer)
Parent, Atharv Agarwal VI-B

STUDENTS' SPEAK

We had a very special session conducted by the mother of my classmate. She explained to us how we can show our emotions (both verbal and non-verbal) and understand other's feelings through their body language and gestures. We learnt that without speaking a single word, we can make others understand whether we are feeling happy, excited, sad etc. With the help of a PPT, she told us that our voice tone also expresses our feelings. We also played a game on different facial expressions. It was a fun-filled learning session.

Amolak Kaur, IV-D

Thank you Surbhi Ma'am and Renu Aunty for the lovely session on making Oreo lollipops. I thoroughly enjoyed the activity and taste of the lollipops. The recipe was so simple that I made it again for my family.

Aaratrikka Dey, III-D

The dance session by Suhani Gupta's mother was excellent. She taught everything keeping in mind the learning level of school students. It was not only good to learn new dance moves but it was also a treat to the eyes. Her way of teaching was very interactive and we all were very comfortable during her session. We are really thankful to our school faculty for organizing such a wonderful session.

Vivaan Tiwari- VIB

I found the session on electric circuits very interesting and informative. I understood the concept of electricity with ease. I am thankful to our teachers who made an effort to organise such a wonderful session.

Ahana Ghosh, VI-C

We learnt how to make creative baskets from disposable glasses. I enjoyed this activity. It was very interesting to learn and make a creative gifting basket on Valentine's Day. I prepared one and gifted candies in the same to my parents. Thank you so much for conducting such a wonderful session.

Naman Arora, III-C

WORLD BOOK DAY

March 3, 2022 is observed as the World Book Day to celebrate the wonderful power of books and the joy of reading. Students of classes I and II came to school dressed up as the characters of their favourite story and enthralled everyone with their enactments. Reviews of the books read were exchanged, inspiring each other to read and share more.

HOLI CELEBRATIONS

Foundation Years celebrated the festival of colours on March 16, 2022. Children enjoyed the fun and frolic of Holi. They came dressed in festive clothes and moved to the beats of foot-tapping music on the dance floor. Sweets and snacks were relished by all.

ORIENTATION DAY

A Parent Orientation Programme was organized on March 23, 2022 to welcome new students as well as their parents to the Eicher family. They were engaged in storytelling sessions and craftwork on their first day at school. Children enjoyed the activities and were happy to receive the motivator stating 'I am an Eicherite.'

To acquaint parents with the school systems, a short session was conducted by Principal Ms Arpita Chakraborty, Ms Anu Walia, Coordinator and Ms Meenakshi Arora, Co-Coordinator of the Foundation Years. The Primary wing session was conducted by Ms Rimmi Gupta, Coordinator and Ms Jaya Pallav, Co-Coordinator. Parents of the Senior wing were apprised by Ms Jaya Balan, Coordinator and Ms Jyoti Mendiratta, Co-Coordinator.

GRADUATION DAY

Graduation is a time to celebrate new beginnings.

It is warm memories of the past and big dreams for the future.

The graduation ceremony was organized to celebrate the progress and advancement of the students of class II from Foundation Years to the Primary wing. The young enthusiastic learners were appreciated and applauded for their commendable performance in the session 2021-2022. The programme commenced with a welcome speech by the Coordinator of Foundation Years, Ms Anu Walia. This was followed by the distribution of graduation certificates to the students who were dressed up in graduation caps and capes. Their mentors acknowledged their strengths and felicitated them. The event culminated with the handing over of the children to the Primary wing Coordinator, Ms Rimmi Gupta and a vote of thanks.

PARENTS' SPEAK-

We thoroughly enjoyed the event which was precise and short. The observations shared during the event were very relevant. Though being associated with the school for over a decade, this experience was new and encouraging for us.

A big thank you to all foundation wing members for their patient and constant efforts.

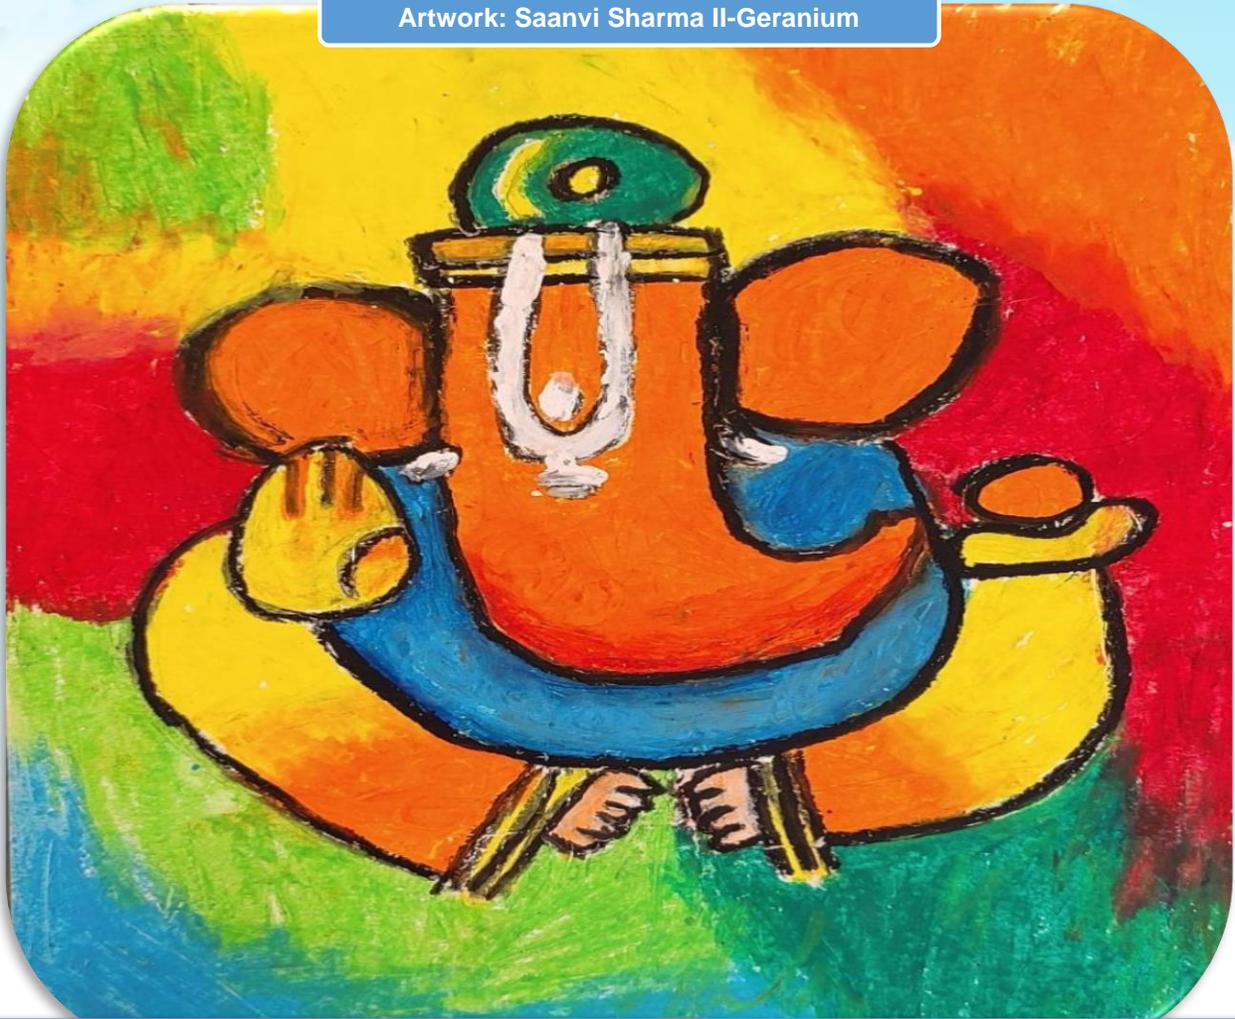

Nisha Arora
M/O Swarnim Arora
II- Daffodil

Thank you, Team Eicher for organising a delightful Graduation Day Ceremony for our tiny tots. It was a mesmerizing experience to see our little buds all decked up in blue gowns and black hoods happily holding their Graduation certificates and posing for a click. We as parents, feel joyous and proud to see them evolve from little kids to Primary wing children now. All this would not have been possible without the dedicated efforts of the teachers and support staff. Wishing you all a successful new academic session.
